Who We Are

Our Identity

ABOUT ABCC

ABCC is a leading construction contracting company in Jordan, specializing in buildings, fit-out, earthworks, telecommunications, fiber optics, and MEP. With over two decades of experience, we deliver quality workmanship and innovative solutions tailored to our clients' needs. Our clientele includes private companies and government agencies who trust us to exceed expectations on every project.

MISSION Objectives

ABCC Contracting, a construction, engineering, and project management firm situated in Jordan, endeavors to exceed conventional norms by consistently exceeding client anticipations. Our objective is to elevate service excellence through ongoing enhancements, leveraging advanced technology and the most adept resources available. Our unwavering dedication to ethics and fundamental principles remains unwavering.

VISION Statement

Our vision is to emerge as the favored choice for construction and project management solutions in Jordan, as well as across the wider region and beyond. We aspire to realize this vision by consistently delivering outstanding outcomes to our clients, cultivating a dynamic and enriching atmosphere for our team members, and ensuring a fair return on the value we deliver.

CORE Values

Integrity:

- Upholding the highest ethical standards and conduct.
- Demonstrating uncompromising integrity, honesty, fairness, and mutual respect.

Professionalism:

Maintaining excellence in performance, corporate ethics, and adherence to schedules and budgets.

Quality:

- Implementing international standards of quality in all processes and outputs.
- Striving for world-class practices to shape our operations.

Safety:

Prioritizing the highest safety standards to ensure accident-free projects.

Team Management:

- Fostering a sense of teamwork and shared responsibility.
- Creating a cooperative and collaborative work environment where ideas are shared and developed collectively.

Sustainability:

- Proactively planning and decisively acting with a focus on the future.
- Committing to the continuous development of both the company and the community it serves.
- Nurturing a sustainable future through conscientious business practices.
